

Visualisation & Network Theory

Haugsbø E., Bettum R. and Vanderkelen L.

Description

This network represents the links between different employees of *Alt Installasjon*. This following code is inspired by [Bostock \(2017\)](#) and modified by Haugsbo E., Bettum R. and Vanderkelen L. for the visualisation & network theory course by Christoph Lutz and Christian Fieseler (2021) at BI Norwegian Business School, Oslo, Norway.

Informations

The different color scales were found on [coolers.co](#).

In order to fully understand the code, we would advise you to read the [d3.force documentation](#).
